AgriConnect

Mobile App for Direct Market Access for Farmers

Connecting Farmers Directly to Markets

Problem Statement

Farmers face multiple challenges due to the involvement of middlemen, including:

- Unfair pricing
- Reduced profit margins
- Limited market access
- Lack of pricing transparency

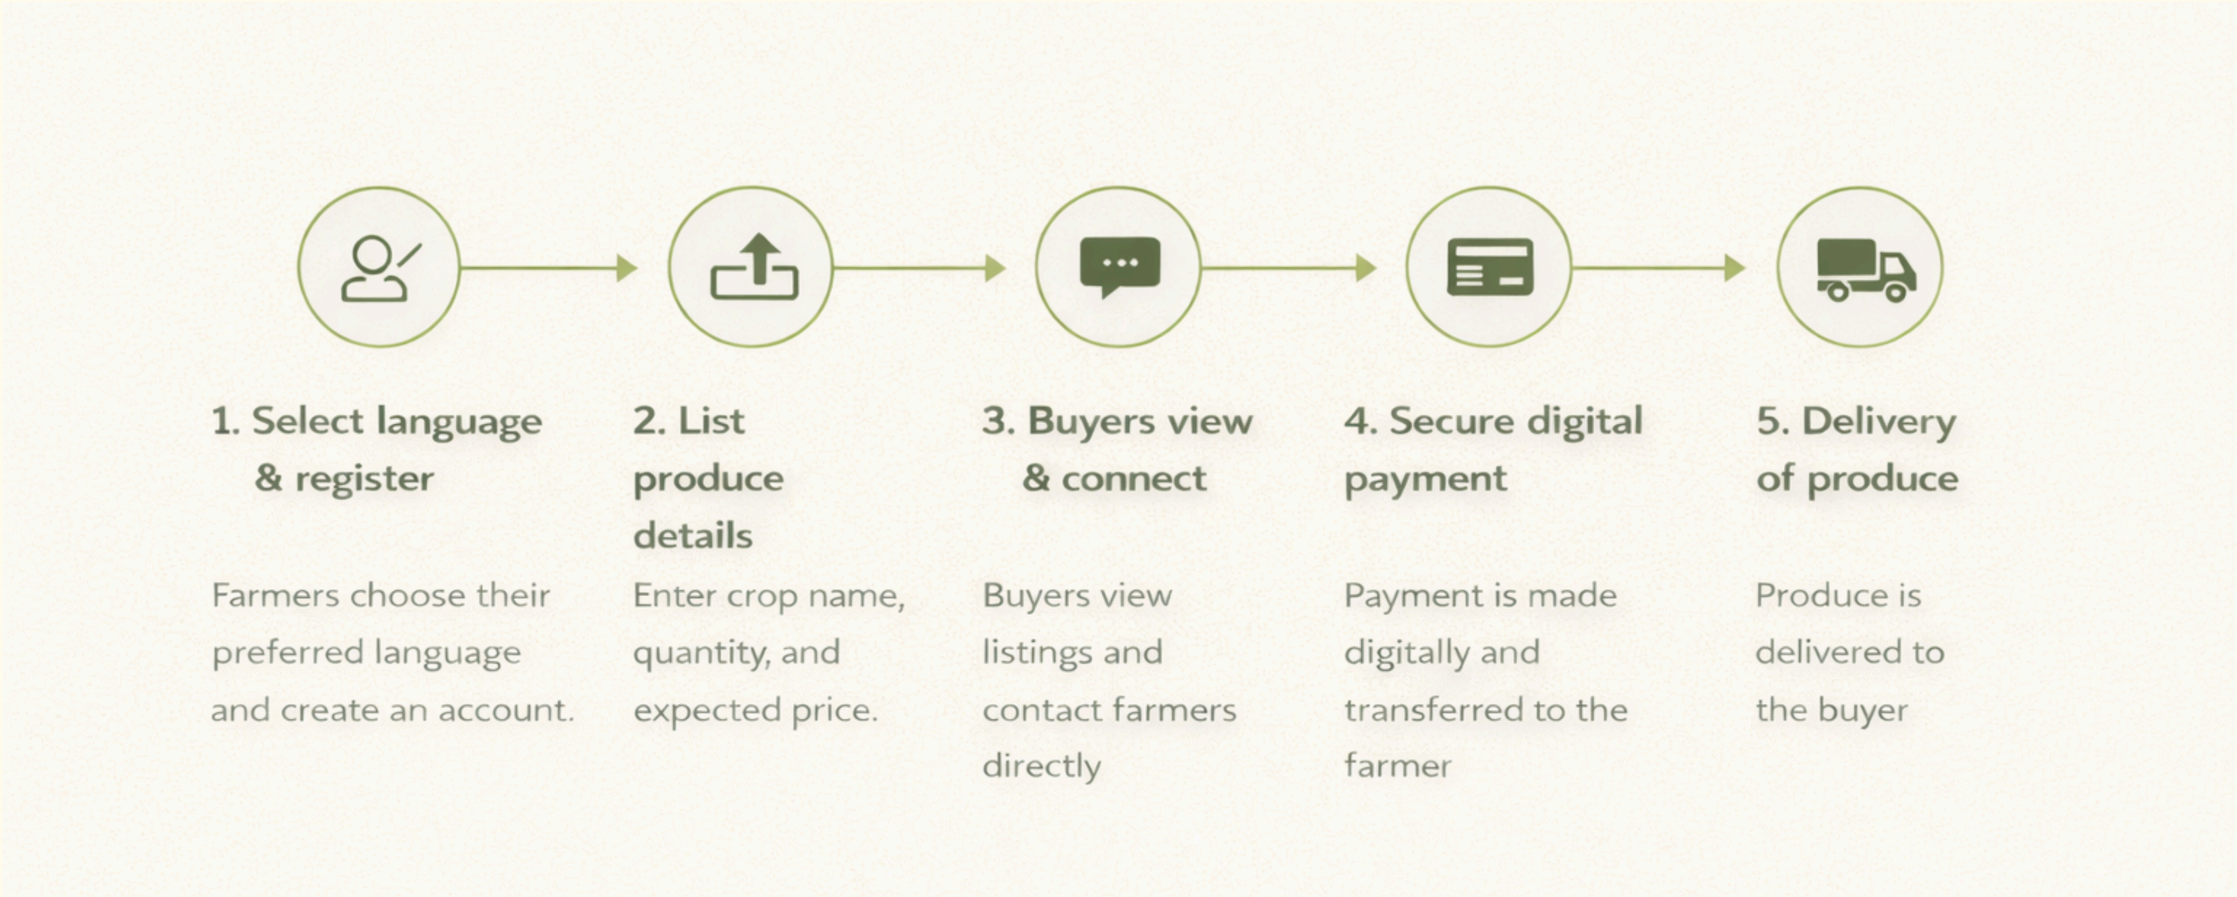
A platform is needed to connect farmers directly to markets.

Our Solution - AgriConnect

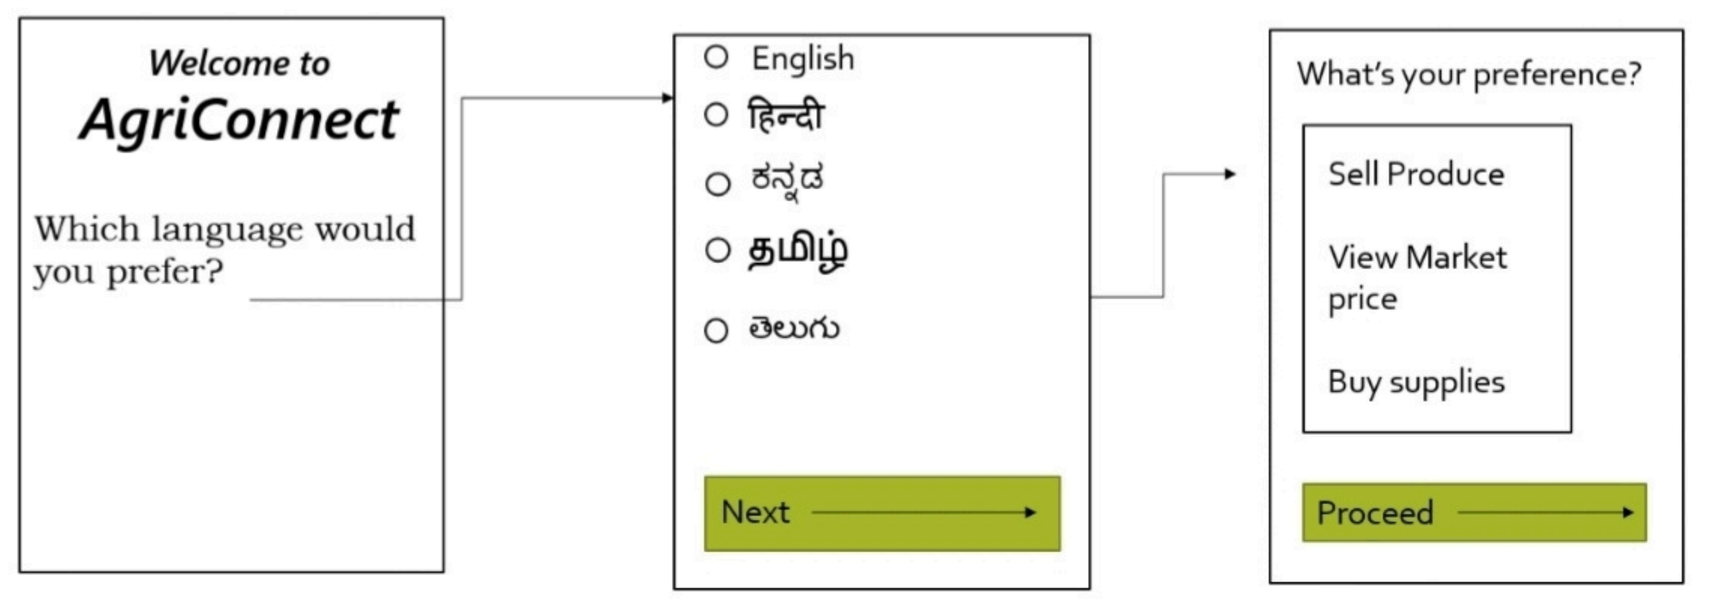
AgriConnect is a mobile application that connects farmers directly with buyers, eliminating middlemen and ensuring fair pricing.

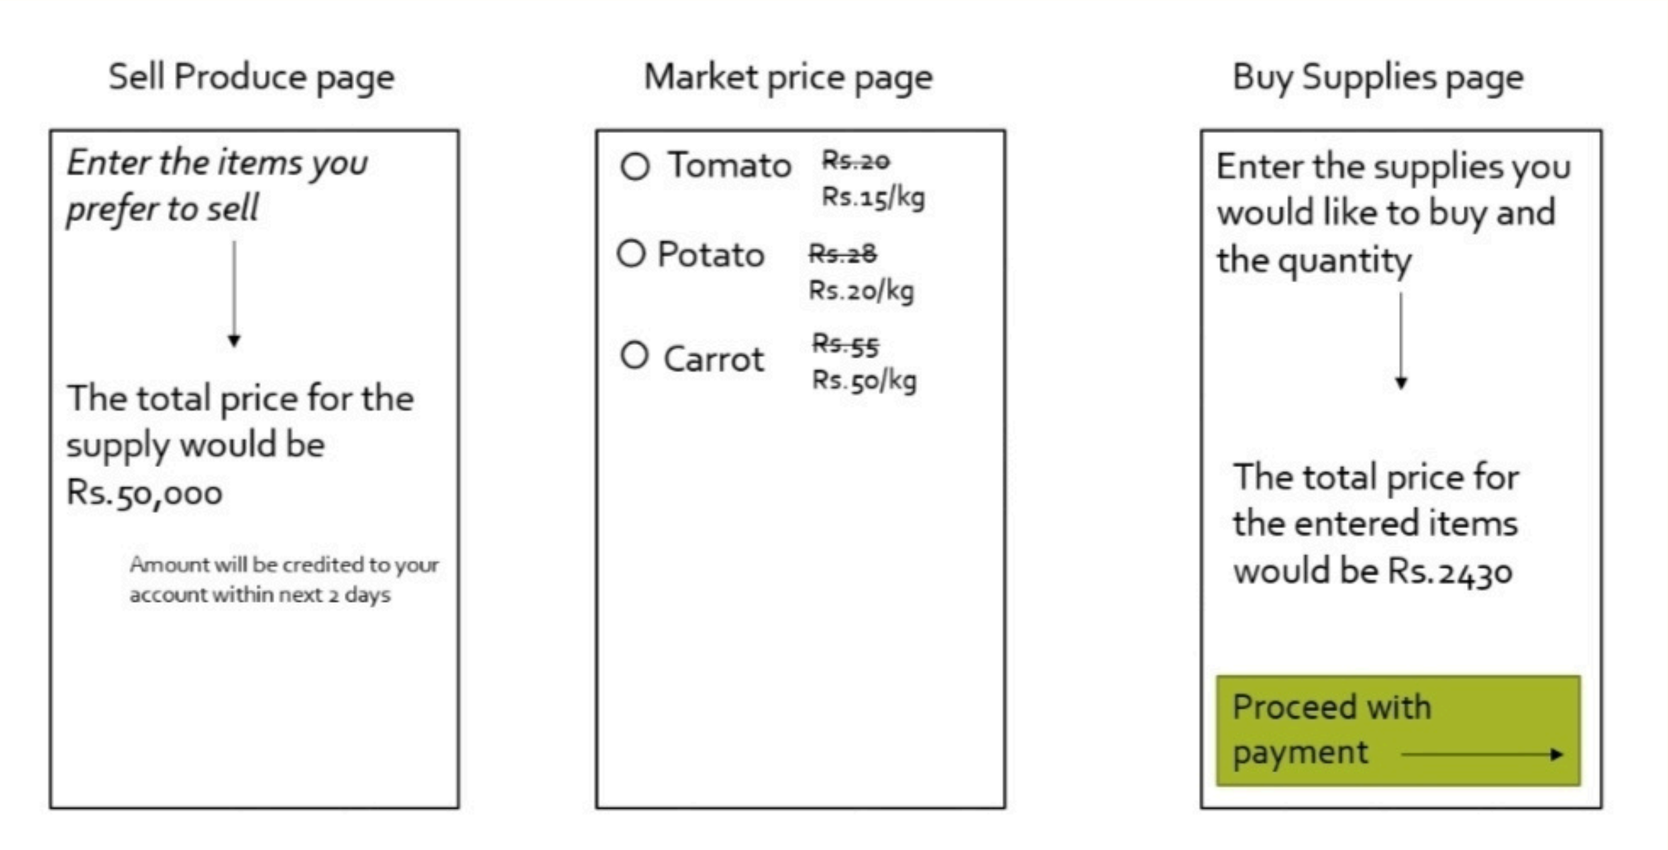
- **Direct** farmer to buyer connection
- **Transparent** pricing system
- **Secure** digital payments
- **Easy** listing of produce
- **Multi-language** support

How AgriConnect Works



App Prototype





Sell Produce page
Enter the items you prefer to sell
The total price for the supply would be Rs.50,000
Amount will be credited to your account within next 2 days
Market price page
Tomato
Rs.20
Rs.15/kg
Potato
Rs.28
Rs.20/kg
Carrot
Rs.55
Rs.50/kg
Buy Supplies page
Enter the supplies you would like to buy and the quantity
The total price for the entered items would be Rs.2430
Proceed with payment

Key Benefits of AgriConnect

- Eliminates middlemen
- Better profit for farmers
- Transparent pricing
- Secure digital payments
- Multi-language support
- Wider market access text

Conclusion

Provides an innovative and empowering solution to address the challenges faced by small and large-scale farmers. By bridging the gap between producers and consumers, the app promotes transparency, ensures fair pricingreduces exploitation by intermediaries, and enhances profitability for farmers.
